Specific provision when Data Protection Authorities in EEA have jurisdiction under local law **18.2** If a Data Protection Authority of one of the EEA countries has jurisdiction under its applicable data protection law to evaluate data transfers by a Group Company established in its country, such Data Protection Authority may evaluate these data transfers also against these Rules. The Dutch Data Protection Authority will provide cooperation and assistance where required, including providing audit reports available with the Dutch Data Protection Authority insofar as relevant to evaluate the aforementioned data transfers against these Rules.

Protection provided by the Rules **18.3** Where these Rules provide more protection than applicable local law or provide additional safeguards, rights or remedies for Individuals, these Rules shall apply.

Lead Authority for supervision and enforcement of Rules **18.4** Except in case of jurisdiction of a Data Protection Authority of one of the EEA countries pursuant to Article 18.2, compliance with these Rules shall be exclusively supervised by the Dutch Data Protection Authority (College Bescherming Persoonsgegevens) in The Netherlands, which is also exclusively authorized to advise Philips International on the application of these Rules at all times. The Dutch Data Protection Authority shall have investigative powers based on the Dutch Data Protection Act (Wet bescherming persoonsgegevens). To the extent the Dutch Data Protection Authority has discretionary powers related to enforcement of the Dutch Data Protection Act, it shall have similar discretionary powers for enforcement of these Rules.

Exclusive jurisdiction to hear complaints and claims under Rules **18.5** Complaints and claims shall be admissible only if the individual has first followed the complaint procedure set forth in Article 17 of these Rules. Rules enforceable against Philips International only **18.6** Any additional safeguards, rights or remedies granted to individuals under these Rules are granted by and enforceable in the Netherlands against Philips International only. Philips International shall, if so indicated, ensure that adequate steps are taken to address violations of these Rules by a Group Company.

However, Philips International shall be liable only for direct damages (which, excludes, without limitation, lost profits or revenue, lost turnover, cost of capital, and downtime cost) suffered by an individual resulting from a violation of these Rules.

Regarding the burden of proof in respect of damages, it will be for the individual to demonstrate that he has suffered damage and to establish facts which show it is plausible that the damage has occurred because of a violation of these Rules. It will subsequently be for Philips International to prove that the damages suffered by the individual due to a violation of these Rules are not attributable to the relevant Group Company.
